The employee shall be informed of these evaluation standards and procedures at the commencement of the employee's employment. In lieu of notice, severance pay equivalent to two (2) weeks salary will be provided. thereof shall become part of their personnel record.

- (b) Upon an employee's request, letters of reprimand and adverse reports shall be removed from the employee's file after the expiration of 36 months of active employment, excluding any leaves, from the date it was issued provided no subsequent discipline has been imposed in that period. This clause does not apply to Letters of Expectation (which are non-disciplinary).

ARTICLE 3 — REDUCTION OF CONTINUING STAFF

3.1 Notification

When the President or designate, approves a reduction of continuing staff due to changes in enrolment, the deletion of a program, technological changes, or budgetary reasons, an employee shall be entitled to at least four (4) months notice, excluding annual holidays. (See Flowchart Appendix C)

The notice period shall be calculated from the date that the President or designate issues the layoff notice. The Board shall be informed of any termination resulting from a layoff notice.

3.2 Role of Seniority

A reduction of continuing staff shall be based on seniority within a department, discipline or specialty, provided that the senior continuing staff have appropriate qualifications and are providing satisfactory service.

Whenever possible, a continuing employee shall be given an opportunity to serve the College in some other capacity for which the continuing employee is qualified. This clause applies to all continuing employees, including those on leave at time of reduction of continuing staff.

3.3 Retraining

- (a) A continuing employee who is terminated for reason of reduction of continuing staff, who is not judged to be qualified to transfer to another position as provided in Clause 3.2, and who has served the College for at least five (5) years shall receive paid leave of up to eight (8) months, in order to qualify for an available position at the College. An available position is one which, at the time the notice of reduction in continuing staff is given to the Union, is currently unfilled or has been confirmed to become vacant within the retraining period. Payment for the leave will be prorated if only

part-time leave is required. In the event no position is available, Clause 3.5 shall apply.

- (b) When retraining is not practicable, and to facilitate early retirement of continuing employees between the ages of 55 and 64 years, a continuing employee shall be granted either severance pay in accordance with Clause 3.5(b), in addition to other retirement benefits, or early retirement incentive in accordance with Clause 18.2. In no case will both clauses be applied.
- (c) Where courses are altered or changed to the extent where new or greater skills are required than are already possessed by the affected continuing employee such that the employee's continuing employment is threatened, such employee shall be given up to two (2) months in addition to annual vacation and to professional development time provided in Clause 10 for approved professional development, with no loss of income benefits or seniority.

3.4 Appeal

In the event that a continuing employee who has received a notice of reduction of continuing staff wishes to grieve their selection based on seniority, the employee may do so in accordance with the provisions of Clause 21.

3.5 Severance Pay and Reappointment

Any continuing employee, laid off for reasons of reductions in continuing staff, who has not received alternate placement under Clauses 3.2 or 3.3, may select either alternative (a) or (b) below:

(a) Reappointment:

A continuing employee with five (5) years of service or less shall be placed on a reappointment list for one (1) year. A continuing employee with more than five (5) years of service shall be placed on a reappointment list for two (2) years. Reappointment shall be based on seniority within the department, discipline or specialty. An employee may, at any time while on the list or at the expiry of being on the list other than for reasons of reemployment into a continuing position, apply to the College to receive a severance payment in accordance with 3.5(b). A continuing employee who elects the severance pay is deemed to have resigned and forfeits any further entitlement to reappointment under this clause.

(b) Severance Pay:

A continuing employee shall receive pay calculated as one-half ($\frac{1}{2}$) of one (1) month's salary, based on the full monthly salary for the employee's step placement established by the Salary Scale currently in effect, for each fulltime equivalent year of service to the College, to a maximum of six (6) months of salary.

Severance pay will be paid on the continuing employee's final day of work and will not be considered employment for either College or statutory benefits. A continuing employee who elects the severance pay alternative is no longer eligible for the conditions provided in Clause 3.5(a).

Where this clause is applied, Clause 3.3(c) may not also be applied.

Should a laid-off employee be reemployed on a continuing contract before the expiration date of the period of time from the layoff date equivalent to that paid as severance pay, the employee shall reimburse the College for the remaining balance of the severance pay within a mutually agreed period of time after the commencement of the new appointment. The amount to be repaid shall be based on the net amount received by the individual, or the gross amount less any taxes required to be paid by the employee as a result of removal of the funds from a registered savings plan where the funds were paid directly to a plan.

If a laid-off employee is rehired on a continuing contract and subsequently is laid off again, the employee will only be eligible to receive the portion of the original severance pay that was repaid to the College plus any additional severance pay earned through the current appointment.

- (c) A continuing faculty member who declines a reduction in assignment from fulltime to parttime will be covered by this Clause and will have the same options as a continuing faculty member whose employment in the faculty member's assigned position is to be terminated due to a reduction in continuing staff.
- (d) The acceptance of severance pay by a continuing employee shall not prejudice the employee's opportunity of future employment at the College.

ARTICLE 4 — PLACEMENT ON SCALE

4.1 Initial Placement

Initial placement on the salary scale shall be based on qualifications and advanced in recognition of work and teaching experience:

(a) Qualifications

- (1) For an employee holding a degree from a recognized university at the Bachelor's level, or a combination of university, college, or other training deemed to be equivalent and relevant to the employee's field of expertise initial placement will be Step 11 with a maximum placement of Step 6.
- (2) For an employee holding a master's degree; equivalent professional certification; journey person's certificate; or professional qualifications such as a registered nurse, which is directly relevant to the discipline area in which the employee will teach initial placement will be Step 10 with a maximum placement of Step 3.

- (2) each year of teaching or relevant work experience in a secondary school or university to a maximum of eight (8) years (8 steps).

qualifications being equal, preference will be given to applicants who have supervisory work experience after receiving journey person or equivalent certification.)

(d) Recognition of Additional Education

Additional Education, beyond the study leading to the degree or certification credited to meet the minimum requirements in Clause 4.1(a), will advance both initial and maximum placement by one (1) step for each of the following, but not beyond step 2:

- (b) At the request of the employee, placement on the salary scale may be reviewed at any time. Increases to an employee's placement on scale resulting from the review of qualifications shall be retroactive to the time of appointment if the review is initiated within six (6) months of the acceptance

of the offer of appointment. Otherwise, increases shall be retroactive to the date on which the faculty member requested the review. A request for review of placement received more than six (6) months after the acceptance of the offer of employment must be based on a specific identified area of concern. Changes in placement procedures which were agreed to by the two parties since a faculty member's most recent placement shall not be grounds for review unless the changes were agreed to be retroactive.

- (c) Where the College wishes to attract specialized personnel, the Union and the College shall negotiate appropriate placement salary.

4.4 Payment of Salaries

Paydays shall be bi-weekly (every second Friday).

4.5 Substitute Teachers

- (a) Wherever possible the College will provide for substitute instructors to replace instructors who are absent as a result of illness or other emergency.
- (b) The procedure for recruiting, determining suitability, and assigning substitutes shall be developed by the Dean/Associate Dean, in consultation with their Chairs.
- (c) Substitute instructors shall be paid on an hourly rate teaching equivalent to Step 7 or the step at which they were last placed at the College if they have been previously employed by the College.
- (d) Substitute instructors working ten (10) consecutive working days or less shall be paid on submission of time sheets, will pay Union dues and will be entitled to representation by the Union on issues resulting in grievance, but shall receive only statutory benefits. Substitute instructors working more than ten (10) consecutive working days shall receive a term appointment from the start of such employment.
- (e) Whenever a faculty member is unable to meet a scheduled class, the faculty member shall inform the Department Chair. In the event that the Department Chair is not available, the Program Leader from the applicable specialty shall be informed. Only the Dean/Associate Dean or their designee will cancel a class, and will inform students on any cancellations.

ARTICLE 5 — INCREMENTS

5.1 Advanced Placement (see also Appendix D)

For each full-time equivalent year of service to the College, an employee is entitled to one (1) increment on the basic salary scale until the employee reaches the maximum for the employee's category. The increment date shall be the first day of the pay period following the date on which the employee became eligible for the increment.

An employee who becomes entitled to an increment under this clause by reason of a change in qualifications shall provide Human Resources documentation satisfactory to the appropriate Dean in support of the employee's claim. The increase shall be retroactive to the date of the change in qualifications, providing it does not exceed three (3) months. Human Resources shall inform the member in writing of the employee's new step placement and maximum placement.

ARTICLE 6 — CHAIR/PROGRAM LEADER

6.1 Stipend

Chairs/Program Leaders shall be entitled to an administrative stipend. When it is deemed necessary to appoint an acting Chair/Program Leader, the acting Chair/Program Leader will also receive an amount equal to the amount of the stipend that the Chair/Program Leader receives.

Where a program specialty, other than that represented by the Chair, is identified by the College within a department, a Program Leader may be appointed to assist in such administrative duties as scheduling, purchasing, advisory committees, etc.

In a program specialty where only one (1) instructor is employed, that Program Leader shall receive one-third (1/3) of the Chair's stipend as compensation for the additional administrative workload. In program areas where two (2) or more fulltime equivalent instructors are employed on a continuous basis, the Program Leader shall receive two-thirds (2/3) of a Chair's stipend as compensation for the additional administrative workload.

Where more than one internal candidate exists, a selection committee shall be formed to make recommendations to the Dean. Normally, the selection committee shall include the appropriate Dean and three (3) faculty members from the department/functional area involved. If the position covers

a multi-discipline department/functional area then faculty from each specialty shall have representation on the selection committee.

6.6 Term of Office of Chairs

The term of office shall be three (3) years, subject to successful evaluation, with the position being declared vacant and posted for two (2) months prior to the end of the three (3) year term. Midterm evaluation of the Chair will occur and supplementary evaluations will also be conducted upon a request of the majority of employees within the department.

Normally, the selection committee will include the appropriate Dean and at least one faculty member from the department/functional area(s) involved.

6.7 Qualifications of Chairs

Instructors in the department(s) shall be given first preference for this position, and in any event, wherever possible, the candidate will be a qualified instructor in at least one (1) discipline in that department's area(s) of expertise.

ARTICLE 7 — WORKING CONDITIONS

7.1 Workload

An employee's assignment shall be outlined in writing at the beginning of an appropriate time block and shall be determined by the employee, the employee's Chair and the employee's Dean, working together to consider each of the following factors:

- (a) class size;
- (b) nature of course;
- (c) number of different courses;
- (d) support staff;
- (e) marking;

- (f) office hours;
- (g) committee involvement;
- (h) nonteaching duty days;
- (i) variation in class size during a term;
- (j) administrative responsibilities and/or other non-instructional professional duties;
- (k) spread of daily teaching hours beyond eight (8) hours;
- (l) variation or changes in curriculum;
- (m) nature of student intake;
- (n) number of campuses or other work sites on which the employee is required to teach.

When the employee, Chair and Dean determine that agreement cannot be reached on workload, the matter will first be discussed with the Vice President, Education and, if not resolved, will be referred to a Workload Review Committee, comprising three (3) faculty appointed annually by the Union, and three (3) administrators appointed by the Vice President, Education. (Should one of the committee members be involved in the issue, an alternate will be appointed.) A majority decision of the Committee shall constitute the resolution of the matter.

7.2 Annual Contact Hours

Effective April 1, 1990 the allocation of instructional faculty to a discipline or department shall be determined by dividing the number of planned and funded class training days by 181. The Dean and faculty, working together, shall determine the number of hours per week of instruction for each instructor, and the method of delivery and scheduling which provides effectively for student learning within available resources. Personnel required for coordination, new program development and special projects will be provided in addition to those required for instruction, as resources permit.

7.3 Non-Contact Days

Continuing employees and term employees with appointments of one (1) continuous year or longer shall be eligible for non-contact days. An instructional year consists of two hundred and four (204) working days (261 days less 12 statutory holidays, less 45 days of vacation). The standard for calculating non-contact days is based on the number of instructional (contact) days in a fiscal year. An employee who instructs one hundred and eighty-one (181) days at thirty (30) contact hours per week will be entitled to twenty-three (23) six (6) hour days of non-contact.

For those employees instructing less than one hundred and eighty-one (181) six (6) hour days or less than thirty (30) hours per week, non-contact time will be equal to the number of contact hours worked beyond twenty-six and one-half (26½) in a week. If a teaching schedule fluctuates above and below twenty-six and one-half (26½) contact hours in a week, the accumulation of non-contact time will also fluctuate accordingly.

An instructor is expected to be engaged in College work, including departmental meetings, or on tasks clearly in support of the instructor's program on non-contact days.

7.4 Class Size

Class size for vocational instructors in shops will not normally exceed sixteen (16). In specified programs, related to entry level and pre-employment programs, class sizes of eighteen (18) may be scheduled. In continuous entry programs, where low enrolments have been recorded, class sizes of twenty (20) may be scheduled. Where an instructor's class size is to be increased, the maximum class size will be determined through consultation between the instructor and the Dean and will be subject to review as outlined in Clause 7.1.

To facilitate the implementation of reduced student contact hours for vocational instructors, an instructor may be required to provide classroom instruction to large groups of students, all of whom are at the same level of training, to a maximum of twice the instructor's normal class size. The increased class size and lecture situation will be reflected in the instructor's own workload.

7.5 Work Schedule

The hours of work for instructors will be scheduled sequentially and may only be changed by mutual consent.

7.6 Schedule

- (a) An employee initially hired to work first shift only shall not be assigned second and third shift except by mutual agreement.
- (b) The scheduling of an instructor on shift shall be arranged by the Chair with consideration being given to the senior instructor for the first shift.

7.7 Non-Teaching Employees and Non-Teaching Duties

Non-teaching employees shall establish a workload in the same manner as instructors.

Qualified employees may be assigned teaching and/or non-teaching duties to meet the varying needs of the College.

7.8 Continuing Education Programming

When a continuing education course is offered in a discipline or specialty area in which qualified employees covered by this agreement are instructing in the credit/funded programs, such employees shall be given the first opportunity to teach the course. If the opportunity is not accepted, the offer need not be repeated until the instructor hired in the

first instance is to be replaced, or additional sections added unless special provision has been made at the time of first refusal.

When an employee has a shortfall in workload, continuing education courses/contracts may be offered to bring an employee's annual workload to one hundred percent (100%). The appropriate Dean and Coordinator shall jointly determine the employee's qualifications and the appropriateness of the available continuing education courses and contracts. Such instruction of continuing education courses will be considered part of the instructor's annual workload and no additional salary will be paid.

When an employee is carrying a full instructional load, instruction for continuing education courses in the employee's related discipline shall be paid at an hourly rate of \$70.00 effective January 1, 2022. This rate will be reviewed on an annual basis and will be increased in proportion to negotiated wage increases in the salary scale in the Collective Agreement.

7.9 Preparation Time

Whenever possible the College shall provide for new employees at least two (2) weeks preparation time in advance of assuming a full teaching load. This includes term appointments of four (4) months duration or longer. A new employee is defined as one having no previous teaching experience.

Whenever possible the College shall provide one (1) day of advance preparation time for each instruction week of a course, up to a maximum of fifteen (15) days, for the development of a new course for which no course material is available.

ARTICLE 8 — ANNUAL VACATION

8.1 Entitlement Continuing Employees

The three (3) non-teaching days between Christmas and New Year's shall be part of the annual vacation entitlement. Upon approval of an employee's application, the days between Christmas and New Year's may be scheduled as working days and the three (3) days of vacation rescheduled to an alternate convenient time.

An employee will be able to carry over ten (10) days in any given year. Under special circumstances an employee may carry over additional days upon written approval of the Dean. For the purposes of calculation, it will be assumed that vacation adjustment occur on September 1st of each year. The scheduling of annual vacations shall be carried out by a group of

employees, their Chair and their Dean, working together to consider the instructional needs of the College and the interests of the employees.

Decisions shall be subject to appeal to the joint BCGEU Labour Management Committee. Vacation credit will be based on the anniversary of employment.

- (b) Fulltime employees on continuing appointments may take at least four (4) weeks of their annual vacation entitlement at a mutually acceptable time during the months of July and August.
- (c) Vacation for part-time employees whose appointment includes a vacation period will be determined in the same manner as vacation for full-time employees with a base of 45 days and salary during the vacation prorated in the same manner as salary during the period of work.
- (d) Vacations, once approved by the College, shall not be changed except by mutual agreement between employee and College.

8.2 Entitlement Term Employees

Term employees working more than twenty-six and one-half (26½) contact hours per week and who do not receive vacation time off during their appointment shall receive payment of eighteen percent (18%) of the gross salary during each pay period for the period of appointment in lieu of non-contact time and vacation.

Term employees working more than twenty-six and one-half (26½) contact hours per week, who do not receive vacation time off during their appointment, and who are working as a result of being recalled under Clause 3.5(a) shall be entitled to non-contact time in accordance with Clause 7.3 as well as payment of sixteen and eight tenths percent (16.8%) of the gross salary during each pay period for the period of appointment as vacation pay.

Term employees working twenty-six and one-half (26½) contact hours or less per week and who do not receive vacation time off during their appointment shall receive payment of sixteen and eight tenths percent (16.8%) of the gross salary during each pay period for the period of appointment as vacation pay.

8.3 Sickness

In the event that an employee requires hospitalization or is seriously ill during the employee's annual vacation period, the employee shall, upon request and upon presentation of a physician's statement, apply the period of illness or hospitalization to sick leave rather than vacation, provided the sick bank is not used. The employee must inform the College of the claim within one (1) week of returning to work.

8.4 Vacation Scheduling

An employee appointed to a contract of one (1) year or more shall determine, as specified under Clause 8.1, a vacation plan. Normally two (2) months, but at least one (1) month of vacation shall be taken during the first twelve (12) months of employment. Such a leave will be for any purpose deemed justifiable by the employee. If this leave involves experience of particular value to the College, such as industrial or business experience which does not lead to a change of placement on scale, the employee will receive an increment and accrue seniority during the employee's absence providing these have been approved by the Vice President in writing prior to the commencement of the leave. Such approval will be conditional upon the leave being used essentially as planned. Under special circumstances a leave may be extended to a total of two (2) years. ARTICLE 18 — RETIREMENT

18.1 Early Retirement

A fulltime faculty member, in order to facilitate gradual retirement, may, upon reaching the age of fifty-five (55), apply for status as a continuing part-time employee, with the percentage of work load to be mutually acceptable to the College and the employee, but not less than fifty percent (50%). Salary and benefits shall be prorated in accordance with the percentage of workload.

18.2 Early Retirement Incentive

In those departments in which a reduction in staff is required, a faculty member shall be eligible to apply for an early retirement incentive providing the faculty member meets the following conditions:

- (a) is age fifty-five (55) or over;
- (b) has a minimum of ten (10) years pensionable service with the College;
- (c) holds a continuing appointment at the College.

A faculty member who opts to take early retirement shall be paid a retirement incentive of ten percent (10%) of the faculty member's annual salary times the number of years remaining until age sixty-five (65) to a maximum of one (1) year's salary, in addition to all other retirement benefits. An employee who, upon joining the College, requested and was granted by the Board exemption from participation in the College Pension Plan, may apply to the Board for permission to be included in this clause.

Where this clause is applied, Clause 3.3 will not be applied.

ARTICLE 19 — PARKING

The College shall provide parking near the place of employment at no cost to the employee.

ARTICLE 20 — INDEMNITY

Except where the joint BCGEU Labour Management Committee considers that there has been flagrant or willful negligence on the part of an employee, the College agrees not to seek indemnity against an employee whose actions result in a judgment against the College. The College agrees to pay any judgment against an employee arising out of the performance of the employee's duties. The College also agrees to pay any legal costs incurred in the proceedings.

ARTICLE 21 — RESOLUTION OF DISPUTES

21.1 Union Representation

- (a) The Union has a right to represent its members in dealings with the College related to the administration of this agreement. It will determine how and under what conditions it will assist a member in preparing and presenting any grievance in accordance with grievance procedures outlined in the contract.
- (b) An employee shall have the right to have a Union representative present at

any discussion with administration, which the employee believes might be the basis of disciplinary action. Where administration intends to interview an employee for disciplinary purposes, the administration shall make every effort to notify the employee in advance of the purpose of the interview in order that the employee may contact a Union representative, providing that this does not result in an undue delay of the appropriate action being taken.

21.2 Grievance Procedure

The College and the Union recognize that grievances may arise concerning:

- (a) differences between the Parties respecting the interpretation, application, operation, or any alleged violation of a provision of this Agreement, including a question as to whether or not a matter is subject to arbitration; or
- (b) the dismissal, discipline, or suspension of an employee bound by this Agreement.

An employee who wishes to present a grievance at Step 1 of the grievance procedure, in the manner prescribed in Clause 21.3, must do so no later than thirty (30) days after the date on which the employee was notified orally or in writing, of the action or circumstances giving rise to the grievance, or on which the employee first became aware of the action or circumstances giving rise to the grievance.

In the case of a dispute arising from an employee's dismissal or suspension, the grievance may commence at Step 2 of the grievance procedure within thirty (30) days of the employee receiving notice of dismissal or suspension.

21.3 Step 1

Before a written grievance can be submitted at Step 2 of the grievance procedure, every effort shall be made to settle the dispute at Step 1.

- (a) The aggrieved employee shall request a discussion with the administrator and shall specify that this is Step 1 of a grievance and the nature of the grievance. The employee has the right to have a Union representative present at such a meeting.
- (b) The administrator will have fourteen (14) days to investigate the matter and respond.

21.4 Step 2

An employee who wishes to pursue a grievance at Step 2 must do so within twenty-one (21) days of having received the response from Step 1 or within twenty-one (21) days of

when the response from Step 1 was due. The grievance will be submitted on the appropriate form setting out the nature of the grievance and the circumstances from which it arose, and the remedy sought.

Within twenty-one (21) days of receiving the grievance at Step 2, the representative designated by the Employer to handle grievances at Step 2 and the designated Union representative shall meet to examine the facts, the nature of the grievance and attempt to resolve the dispute. This meeting may be waived by mutual agreement.

The representative designated by the Employer to handle grievances at Step 2 shall reply in writing to the employee's grievance within twenty-one (21) days of the Step 2 grievance meeting.

21.5 Time Limit to File to Arbitration

Failing satisfactory settlement at Step 2, the Union President or designate may inform the College of intent to submit the dispute to arbitration within:

- (a) Thirty (30) days after the College decision has been received; or
- (b) Thirty (30) days after the College decision was due.

21.6 Administrative Provisions

- (a) Grievances and replies at Step 2 of the grievance procedure and notification to arbitrate shall be by registered mail or facsimile (original to follow in regular mail) or forwarded electronically.
- (b) Grievances, replies, and notification shall be deemed to be presented on the day on which they are registered or sent by facsimile or forwarded electronically and received on the day they were delivered to or received electronically by the appropriate office of the College or the Union.

21.7 Single Arbitrator

When a party has requested that a grievance be submitted to Arbitration, the grievance shall be submitted to a mutually agreed upon Arbitrator.

21.8 Single Arbitrator Procedure

The Arbitrator may determine the Arbitrator's own procedure in accordance with due process and shall give full opportunity to all Parties to present evidence and make representations. The Arbitrator shall hear and determine the difference or allegation and shall render a decision within thirty (30) days of the conclusion of the Hearing.

21.9 Decision of Arbitrator

The Decision of the Arbitrator shall be final, binding, and enforceable on the Parties. The Arbitrator shall have the power to dispose of a discharge or discipline grievance by any arrangement which the Arbitrator deems just and equitable. However, the Arbitrator shall not have the power to change this Agreement or to alter, modify, or amend any of its provisions.

21.10 Disagreement on Decision

Should the Parties disagree as to the meaning of the Arbitrator's decision, either party may apply to the Arbitrator to clarify the decision, which the Arbitrator shall make every effort to do within seven (7) days of receipt of such application.

21.11 Expenses of Arbitrator

Each party shall pay one half (½) of the fees and expenses of the Arbitrator.

21.12 Deviation from Grievance Procedure

The College agrees that after a grievance has been initiated by the Union, the College's representatives will not enter into discussion or negotiation with respect to the grievance either directly or indirectly with the grievor without the consent of the Union.

In the event that after having initiated a grievance through the grievance procedure, an employee endeavours to pursue the same grievance through any other channel, then the Union agrees that pursuant to this clause the grievance shall be considered to have been abandoned.

21.13 Policy Grievance

Where either party to this Agreement disputes the general application, interpretation, or alleged violation of a clause of this Agreement, the dispute shall be discussed initially with the College or the Union, as the case may be, within thirty (30) days of the occurrence. Where no satisfactory agreement is reached within a further thirty (30) days, either party may submit the dispute to arbitration as identified in Clause 21.7.

21.14 Technical Objections to Grievances

It is the intent of both Parties to this Agreement that no grievance shall be defeated merely because of a technical error other than time limitation in processing the grievance through the grievance procedure. To this end an Arbitrator shall have the power to allow all necessary amendments to the grievance and the power to waive formal procedural irregularities in the processing of a grievance in order to determine the real matter in

dispute and to render a decision according to equitable principles and the justice of the case.

21.15 Effective Date of Settlements

Settlements reached at any step of the grievance procedure in this clause, other than Clause 21.13, shall be applied retroactively to the date of the occurrence of the action or situation which gave rise to the grievance, but not prior to the effective date of the Agreement in effect at the time of the occurrence or the date set by an Arbitrator, unless another date is agreed upon by both Parties.

21.16 Amending Time Limits

The time limits fixed in the grievance and arbitration procedure may be altered by mutual consent of the Parties, but the same must be in writing.

ARTICLE 22 — UNION MEMBERSHIP AND DUES

22.1 Bargaining Unit Definition

The bargaining unit shall include full-time and part-time instructors (as described in the certification statement of BCGEU Local 701 Camosun College) employed by the College to teach vocational, technical and trades training programs or courses.

22.2 Membership

All employees covered by this Agreement shall as a condition of employment, hold and maintain membership in the Union except where exempted and as outlined under the Labour Relations Code.

22.3 Union Recognition and Rights

The Union agrees that any activities relevant to the administration of the Collective Agreement or other Union activities, which must be conducted during working hours, will be carried out in a professional manner with primary consideration to instructional duties. Where the College feels that such activities are interfering inappropriately with instructional duties, the Parties agree to meet and resolve the matter.

22.4 Dues

The College agrees to deduct each month from the monthly salary of each employee, one-twelfth (1/12) of the total annual Union dues as determined by the Union, and any special levies which the Union may determine as authorized by its Constitution. This sum

will be transmitted to the Union without delay, and this sum will be shown on the T4 slip.

All deductions shall be remitted to the President of the Union not later than twenty-eight (28) days after the date of deduction and the College shall also provide a list of names of those employees from whose salaries such deductions have been made together with the amounts deducted from each employee.

ARTICLE 23 — UNION RIGHTS

23.1 Individual Agreements

No employee, covered by this Agreement shall be required, or permitted, to make a written or oral agreement with the College, or its representatives, which may conflict with this Agreement.

23.2 Fair Treatment

The College and the Union agree that there shall be no discrimination, restriction, or coercion exercised or practised with respect to any employee for reason of membership or activity in the Union.

23.3 Leave for Union Business

Leave for Union business will not affect employee's "non-contact time". To facilitate the administration of this section when leave is granted, the employee will continue to be paid at the normal rate and the Union shall reimburse the College for salary and benefit costs. Leave of absence granted under this clause shall include sufficient travel time. The Union shall provide the College with reasonable notice prior to the commencement of leave under this clause. The College agrees that any of the leaves of absence identified below shall not be unreasonably withheld.

Approved leave of absence will be granted:

- (a) to an elected or appointed representative of the Union to attend conventions of the Union and bodies to which the Union is affiliated;
- (b) for elected or appointed representatives of the Union to attend to Union business which requires them to leave their general work area;
- (c) for employees who are representatives of the Union on a bargaining committee to attend meetings of the bargaining committee;
- (d) to employees called by the Union to appear as witnesses before an arbitration board;

- (e) for up to three employees on the bargaining committee of the Union to carry on negotiations with the College. In this case, the Union shall only be required to reimburse the College for salary and benefit costs if substitute instructors are required.

23.4 Picket Lines

All employees covered by the Agreement shall have the right to refuse to cross a picket line arising out of a dispute as defined in the *Industrial Relations Act*. Any employee failing to report for duty shall be considered to be absent without pay.

ARTICLE 24 — SAFEGUARD AGAINST SALARY REDUCTIONS

- (a) No person covered by this Agreement shall have their current rate of salary or allowance reduced by the application of this Agreement.
- (b) Notwithstanding Section 2 of the *Employment Standards Act* where this Agreement is silent the College agrees to apply the provisions of the *Employment Standards Act*.

ARTICLE 25 — USE OF TERMS

Whenever the singular is used in the Agreement, it shall be considered as if the plural has been used where the context requires.

ARTICLE 26 — EMPLOYEE APPRAISAL

26.1 Evaluation Reports

- (a) Where a formal appraisal of an employee's performance is carried out, the employee shall be given sufficient opportunity after the interview to read and review the appraisal.
- (b) Provision shall be made on the evaluation form for an employee to sign it. The form shall provide for the employee's signature in two places, one indicating that the employee has read and accepts the appraisal, and the other indicating that the employee disagrees with the appraisal. The employee shall sign in one of the places provided. No employee may initiate a grievance regarding the contents of an evaluation report unless the signature indicates disagreement with the appraisal.

- (c) An employee shall, upon request, receive a copy of this evaluation report at the time of signing. An evaluation report shall not be changed after an employee has signed it, without the knowledge of the employee, and any such changes shall be subject to the grievance procedures of this Agreement.
- (d) An employee shall have the right to request a formal appraisal, providing that at least six (6) months have elapsed since the last appraisal and that the Dean has agreed to the timing of the appraisal.

26.2 Distribution

The completed appraisal shall be available only to the employee, the employee's Chair and Dean, the Vice President, Education, the President, and when appropriate to members of the College's Human Resources department. In the event of a dispute or legal action, the appraisal shall be available to the joint BCGEU Labour Management Committee, an arbitration board and the College's legal counsel.

26.3 Personnel Files

- (a) The President of the Union or designate shall be entitled, upon the written authority of an employee, to review the employee's personnel file(s) maintained in the Human Resources Department Office.
- (b) With reasonable notice given the College, an employee shall be permitted to review their personnel file(s).
- (c) The College will not disclose or use for other than authorized purposes personnel file information without the employee's written consent, unless required by law.
- (d) The College shall take reasonable precautions to ensure the reliability and security of personnel files.
- (e) Personnel files shall include all files pertaining to the employee maintained by the Human Resources Office.

ARTICLE 27 — TECHNOLOGICAL CHANGE

- (a) An employee shall be considered displaced by technological change when the employee's services are no longer required in the same capacity as a result of change in the method of operation or equipment.

- (b) The College agrees to take all reasonable steps so that an employee shall not lose employment because of technological change. Every reasonable effort will be made by the College to utilize normal turnover of employees, to the extent that it arises during the period in which changes occur, to absorb employees displaced because of such change or changes. However, when necessary to reduce staff, it will be done as outlined in Clause 3 of the Agreement.
- (c) Where the introduction of a technological change substantially alters the method of presentation or the content of an existing course, faculty members who may have responsibility for the course shall be consulted before the intended change is implemented.

ARTICLE 28 — SENIORITY

28.1 Accumulation of Seniority

- (a) Service seniority shall be defined as the length of continuous service with the College since the last date of hiring plus the aggregate length of all periods of employment with the College after April 1, 1980, where no break in service exceeds two (2) years. Such service seniority shall include all continuous service with the Public Service of British Columbia prior to the Meld which took place October 1, 1975.
- (b) Seniority shall continue to accumulate when an employee is on training leave, in accordance with Clause 3.3(a) or where the employee has been approved for accrual of seniority under Clause 10.4.
- (c) Employees on maternity, adoption, or parental leave shall continue to accumulate seniority.
- (d) If a continuing employee terminates their employment as a result of a decision to raise a dependent child (children), and is reemployed, upon application the individual shall be credited with length of service accumulated at the time of termination. The following conditions shall apply:
 - (1) the employee must have been a continuing employee with at least three (3) years of service seniority at the time of termination;
 - (2) the resignation must indicate the reason for termination;

- (3) the break in service shall be for no longer than six (6) years; and during that time the employee must not have been engaged in remunerative employment for more than six (6) months;
- (4) the previous length of service shall not be reinstated until successful completion of the probationary period on reemployment.
- (e) A continuing employee who resigns from their position and within sixty (60) days is reemployed as a continuing employee, shall upon application be credited with length of service accumulated at time of termination.
- (f) The College shall publish by December 1st of each year a seniority list of its continuing employees.

28.2 Loss of Seniority

An employee shall lose seniority in the event of:

- (a) discharge for just cause;
- (b) voluntary termination of employment;
- (c) layoff and their recall period as outlined in Clause 3.5(a) has expired;
- (d) the employee is unavailable or declines two (2) offers of reemployment in which the duration and nature of work is similar to that which the employee carried out prior to layoff.

ARTICLE 29 — POST RETIREMENT EMPLOYMENT

- (a) Following retirement from the College, a previous employee may be appointed to a post-retirement position in the employee's previous department with up to a 50% workload. With the approval of the appropriate Vice-President, the search to fill a specified post-retirement position may be restricted to retired faculty. The post-retirement appointment shall be for a period of two years, unless otherwise agreed to by the Employer and the employee. Appointments may be extended subject to mutual agreement between the College and the employee.
- (b) Should an employee who has retired and who was in receipt of an early retirement incentive from the College be appointed to a post-retirement position prior to the period of time covered by the early retirement incentive, the employee shall repay the portion of the early retirement incentive covering the period of time subsequent to assuming the post-retirement position.
- (c) An employee with a post-retirement position shall have the same health and welfare benefit entitlement and rights under the Collective Agreement as continuing part

time faculty members, except the post-retirement position does not provide the right to accumulate seniority, revert to a full-time position under Article 1.3(b); the right to a continuing position under Letter of Understanding #2, and layoff provisions under Article 3.2, 3.3, 3.4, 3.5(a), and the obligation to donate or the right to withdraw from the Sick Leave bank under Article 15.3 or under Letter of Agreement #1 as it relates to Article 15.3.

- (d) If the appropriate Dean agrees, an employee covered by this Article may participate in approved professional development activities.
- (e) An amount equal to the College's contribution to the College Pension Plan for the workload of the post-retirement position will be paid by the College to an employee nominated RRSP. This contribution shall continue to the same age as College Pension Plan contributions are required to be made by the College on behalf of faculty members not covered by this Article. The contribution under this Article is not available to and will not be paid to an employee covered by this Article for whom the College is making contributions to the College Pension Plan.
- (f) If any provision of the Article conflicts with the terms of the College Pension Plan, then that provision will be deemed to be null and void and the parties will negotiate a provision to substitute for the provision rendered null and void which does not conflict with the College Pension Plan. All other provisions of this Article will remain in full force and effect.

ARTICLE 30 — COPIES OF COLLECTIVE AGREEMENT

- (a) The Union and College agree to share equally the cost of producing copies of the Collective Agreement for distribution to all members. The document shall be printed by the College Print Shop.
- (b) A copy of the Collective Agreement will be posted by the College on its website as soon as possible after ratification.
- (c) The Parties jointly support the principles of environmental sustainability. To that end, the Parties agree that the number of hard copies of the 2022-2025 Collective Agreement that will be printed will be limited to 100. 75 of the printed copies shall be provided to the bargaining unit for distribution to members.
- (d) Representatives of the Parties will review changes to the collective agreement resulting from the conclusion of collective bargaining within sixty (60) days of ratification and will sign off on a revised collective agreement as soon as possible.
- (e) The Parties further agree to explore ways of reducing the impact on the environment related to printed copies of the Collective Agreement in their discussions at the Labour Management Committee.

ARTICLE 31 — TERM OF AGREEMENT

31.1 Term

This agreement shall be binding and remain in full force and effect from the first day of April, 2022 to and including March 31, 2025 and shall continue from year to year thereafter, unless either party exercises its rights to commence collective bargaining as provided for in the Statutes of the Province of British Columbia.

31.2 Extension of Anniversary Date

If negotiations extend beyond the anniversary date of the Agreement, both Parties shall adhere fully to the provisions of this Agreement during the period of bona fide collective bargaining.

31.3 Revisions to Agreement

All revisions to the Agreement mutually agreed upon shall, unless otherwise specified, apply retroactively to the expiry date.
